

Brookfield Corporation Announces Renewal of Normal Course Issuer Bid

MAY 23, 2023

BROOKFIELD, NEWS, May 23, 2023 (GLOBE NEWSWIRE) -- **Brookfield (NYSE: BN, TSX: BN)** today announced it has received approval from the Toronto Stock Exchange ("TSX") for the renewal of its normal course issuer bid to purchase up to 142,042,619 Class A Limited Voting Shares ("Class A Shares"), representing 10% of the public float of Brookfield's outstanding Class A Shares. Purchases under the bid will be made on the open market through the facilities of the TSX, the New York Stock Exchange ("NYSE"), and/or alternative trading systems. The period of the normal course issuer bid will extend from May 25, 2023 to May 24, 2024, or an earlier date should Brookfield complete its purchases. Brookfield will pay the market price at the time of acquisition for any Class A Shares purchased or such other price as may be permitted.

As at May 17, 2023, the number of Class A Shares issued and outstanding totaled 1,637,857,149 of which 1,420,426,190 shares represented the public float. In accordance with the rules of the TSX, the maximum daily purchase on the TSX under this bid will be 457,672 Class A Shares, which is 25% of 1,830,691 (the average daily trading volume for Class A Shares on the TSX for the six months ended April 30, 2023).

Of the 138,664,974 Class A Shares approved for purchase under Brookfield's prior normal course issuer bid that commenced on May 25, 2022 and will expire on May 24, 2023, Brookfield purchased 18,216,408 Class A Shares as of May 17, 2023; 4,958,290 Class A Shares through open market purchases on the TSX and 13,258,118 Class A Shares through open market purchases on the NYSE as of May 17, 2023. The weighted average price that Brookfield paid per Class A Share acquired under this bid was US\$42.22 for the period beginning on May 25, 2022 and ending on December 9, 2022 (being the last trading day before the date on which Brookfield completed the public listing and distribution of a 25% interest in its asset management business) and US\$31.64 for the period beginning on December 12, 2022 and ending on May 17, 2023. Brookfield is renewing its normal course issuer bid because it believes that, from time to time, the market price of its Class A Shares may not fully reflect the underlying value of its business and its future business prospects. Brookfield believes that, in such circumstances, the outstanding Class A Shares represent an attractive investment for Brookfield, since a portion of its excess cash generated on an annual basis can be invested for an attractive risk adjusted return through the issuer bid. All Class A Shares acquired by Brookfield under this bid will be cancelled and/or purchased by a non-independent trustee pursuant to the terms of Brookfield's long-term incentive plans.

Brookfield intends to enter into an automatic purchase plan on or about the week of June 19, 2023 in relation to the normal course issuer bid. The automatic purchase plan will allow for the purchase of Class A Shares, subject to certain trading parameters, at times when Brookfield ordinarily would not be active in the market due to its own internal trading black-out period, insider trading rules or otherwise. Outside of these periods, Class A Shares will be repurchased in accordance with management's discretion and in compliance with applicable law.
