

INVESTMENT OVERVIEW

Our disciplined, well-established approach to investing reflects our 100+ year history as an owner and operator. We focus on value creation and capital preservation, investing in high-quality assets and businesses within our areas of expertise. We then manage these assets and businesses proactively and finance them conservatively—with the goal of generating stable, inflation-linked, predictable and growing cash flows.

Brookfield's investment activities are anchored by a set of core tenets that guide our decision-making and determine how we measure success:

OUR BUSINESS PRINCIPLES

- 1 Operate our business and conduct our relationships with integrity
- 2 Attract and retain high-caliber individuals who will grow with us over the long term
- 3 Ensure that our people think and act like owners in all their decisions
- 4 Treat our shareholders' capital like it's our own
- 5 Embed strong sustainability practices throughout our operations to help ensure that our business model is sustainable

OUR INVESTMENT APPROACH

- Acquire high-quality assets and businesses
- Invest on a value basis, with the goal of growing cash flows and compounding capital
- Enhance the value of investments through our operating expertise
- Build sustainable cash flows to provide certainty, reduce risk and lower our cost of capital
- Allocate the free cash flows we receive to enhance value for our shareholders

OUR PATHS TO SUCCESS

- Evaluate total return on capital over the long term
- Encourage calculated risks, measuring them against potential returns
- Sacrifice short-term profit, if necessary, to achieve long-term capital appreciation
- Seek profitability rather than growth—size does not necessarily add value
